House of Violent Desire, UK 2017, 111 Min,
Familien Horror Drama, eng. OV

Awoken by screams in the night, the Whitley family find Evelyn drenched in blood and bound to her bed! With their father missing and a strange seductive visitor at their doorstep, sexual tensions and paranoia soon manifest within the house, as the devilishly erotic history of the Whitley family threatens to lure them into its lustful, violent madness once again...

- A Gothic Horror set in the 1940s, a psychosexual thriller disguised as traditional Ghost Story.

"The house itself becomes a character and is a truly stunning set, which when lit well can send a chill down your spine. Director Charlie Steeds has clearly seen classics such as Nosferatu and looks to employ shadow in key scenes, which when blended with its classic gothic theme are very effective." Bloody Flicks
